U.S. ARMY™ SNIPER ACTION RIFLE

For PlayStation® Move

For PlayStation Move Games such as:

U.S. Army™ Sniper Action Rifle

The U.S. Army™ Sniper Action Rifle designed by CTA Digital is a tactical addition to your arsenal for realistic warfare gaming. Utilizing the exciting modern technology of the PlayStation® Move system, this rifle accessory allows you to aim and pull the trigger with the feeling of an actual sniper rifle. Simply enclose your Move Motion Controller in the barrel cradle to have easy access to all the built-in action buttons that you'll need for playing your PS3 shooting games. A navigation controller cradle attachment is also conveniently included for games that require the extra controller for movement. The scope, rear stock, and muzzle are easily detachable, transforming the full-sized rifle into a smaller, lightweight shotgun-style firearm. Equip yourself with pride using the U.S. Army™ Sniper Action Rifle for all your PS3 Move shooting games.

Features Include:

- Supports the PlayStation® Move motion controller
- Built-In action buttons for all of your PS3™ Move controls
- Suitable for a variety of combat titles
- Highly customizable body configuration
- Also allows additional support for the PlayStation® Move navigation controller

Package Includes:

(1) Sniper rifle body
(1) Attachable stock
(1) Attachable scope
(1) Attachable navigation controller cradle
